

# Working Student – Neuroscience Sales Assistant (f/m/d)

**Your expertise matters: Become part of Neurotechnology - open to beginners & non-native speakers of German!**

## Who we are

Mentalab is an innovative biosensor and neurotechnology company based in Munich, Germany. Our high-precision EEG sensor systems are used by scientists, researchers and companies worldwide to gain deep insights into the functioning of the brain. We are continuing to grow - and this is where you come in!

## Who we are looking for

Are you a strong communicator who enjoys direct interaction with customers? We are looking for a friendly, outgoing, and socially confident student to assist our full-time Scientific Solutions Specialist. If you are highly organized, enjoy building relationships, and feel comfortable in a scientific and technical neuroscience environment, you've come to the right place.

## Your job

- **Lead Generation & Research:** Use your scientific background to identify relevant research groups and labs that would benefit from our mobile EEG solutions.
- **Outreach & Engagement:** Act as the first point of contact, starting conversations and building relationships with researchers worldwide.
- **CRM Management:** Export leads, update contact profiles, and manage outreach sequences using digital tools like HubSpot.
- **Sales & Event Support:** Assist with various sales-related activities, including attending scientific conferences and preparing outreach campaigns.

## Your Profile

- **Student enrolled full-time at state-recognized university (obligatory).**
- **Resident in greater Munich area with valid work permit (obligatory).**
- Currently pursuing a Bachelor's or Master's degree in a scientific or technical field (e.g., Cognitive Psychology, Neuroscience, Biology, Biomedical Engineering).
- Friendly, outgoing, and socially confident; you genuinely enjoy building relationships and starting conversations.
- Highly organized and able to build and stick to efficient processes.

- Curious, analytical, and quick to pick up new scientific or technical concepts.
- Proactive, self-motivated, and comfortable working independently.
- Excellent written and spoken English. Knowledge of German is an advantage, but not a must
- Comfortable with digital tools; previous CRM experience (e.g., HubSpot) is a strong bonus, but not essential.

### **Why you should join us**

- Flexible working hours & hybrid work option.
- International clients & exciting projects.
- Comprehensive induction covering the required scientific knowledge and sales processes.
- A motivated cross-disciplinary team.

### **Apply now**
